Welcome to a New Year at Sunrise & "Stage 1" of our HAPPY HORSES FUNDRAISER!

The Sunrise team of therapy horses are the heart of our successful therapy and learning programs - please refer to the Infographic on page 2 to learn about the individual care received by each member of our equine team throughout the year. We could not maintain this high standard without the support of Sunrise donors. Whether you consider sponsoring a horse for the entire year (Cadbury or Jackie) or to become part of the "Crowd Funding" team (London) - any dollar amount counts, your donation is so valuable to ensure that Sunrise program horses continue with a healthy lifestyle - supporting hundreds of children and adults with special needs every year.
